

Front-end Developer

Location:	Johannesburg
Remote work:	Some remote work allowed
Type:	Permanent
Reference:	#PM58562
Company:	E-Merge IT Recruitment

Join a dynamic global enterprise dedicated to delivering top-notch entertainment to audiences worldwide! As trailblazers in the industry, my client has fostered a vibrant community passionate about diverse experiences. While they have strong ties to soccer, their commitment extends far beyond sports. They take pride in supporting premier brands across various entertainment realms.

As a Software Developer on their team, you will collaborate within an Agile/Kanban framework to craft websites, APIs, and frameworks driving our online platforms. Your role is pivotal in ensuring a cutting-edge digital experience for their users. Their fast-paced environment thrives on innovation and teamwork, with a focus on quality and adaptability.

What you need to get this role:

- Demonstrating mastery of HTML, CSS, and JavaScript, showcasing a profound comprehension of these fundamental languages
- Proficiently utilizing React, Vue.js, and Angular frameworks in current projects
- Exemplifying problem-solving skills and meticulous attention to detail in all tasks
- Displaying expertise in responsive design, surpassing mere familiarity to achieve excellence
- Exhibiting the capacity to work autonomously and cooperatively, embodying both self-reliance and team collaboration traits effectively
