

Brooklyn Design Fair supports Pretoria SMEs

The Brooklyn Design Fair, held on the first Friday of each month from 4-9pm, aims to create a sustainable pop-up event, enticing consumers to spend their leisure time enjoying the handpicked local food and design products on offer with live entertainment from local artists.

This emphasises the goal of the event, which aims to facilitate entrepreneur and small business development.

The Brooklyn Design Fair focuses on contemporary design and interesting food vendors who offer up baked goods, culinary experiments, once-off clothing pieces, handmade leather products and homeware, including ceramics, laser cut décor and handmade pillows and cushions.

The next event on Friday 7 November 2014, themed the NovemBEER & Wine Fair, will offer a variety of craft beer, in addition to fine wine, food, fashion and design. for more information, go to www.brooklyndesignfair.co.za.
