

Serve your customers better with smart addresses

Issued by [AfriGIS](#)

28 Apr 2016

You can serve your customers better if you know where they are.

A F R I G I S

Unlock real insights
with Smart addresses.

Atholl Gardens Wynberg Alexandra

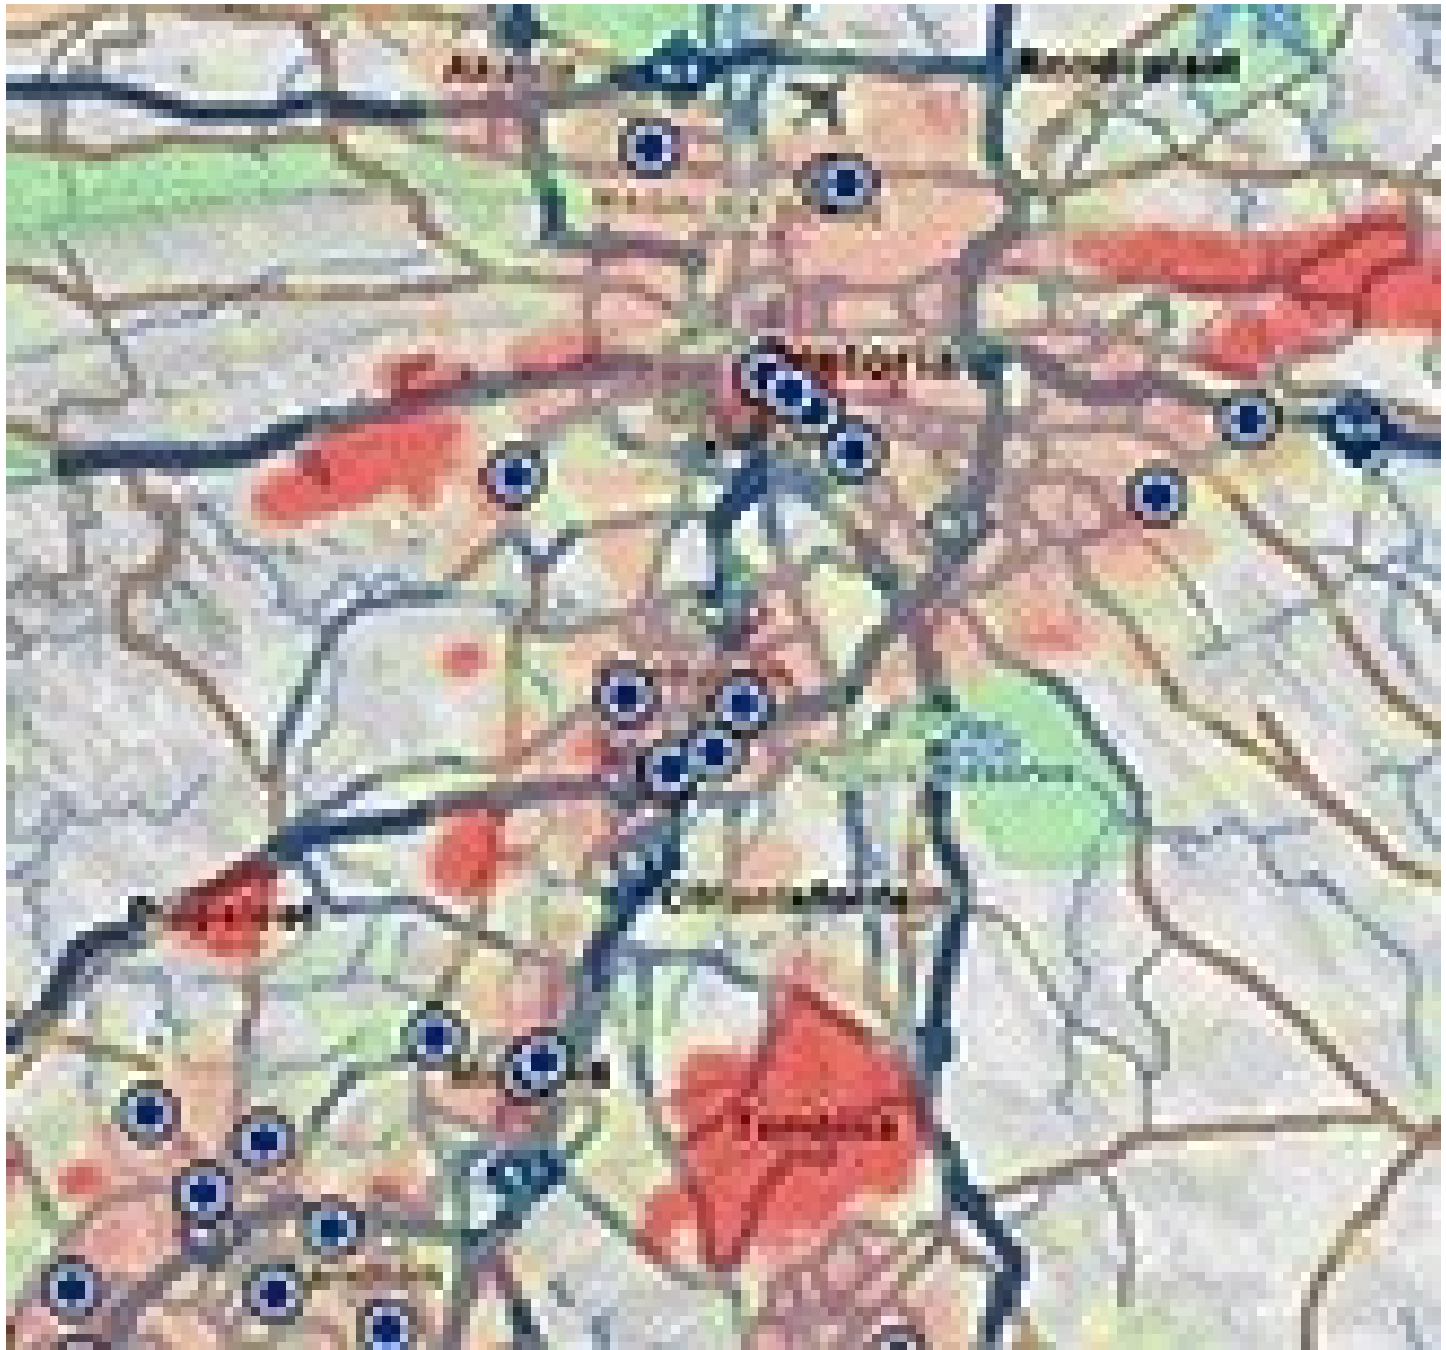

AfriGIS is a **technology innovation** company
We provide easy access to **quality location** information and **insights**.

Smart (geomapped) addresses solves data quality problems and takes you a long way towards KYC (Know Your Customer).

Use AfriGIS Search: Capture smart addresses to start populating your customer master sets now. Unlock real insights with attribute information for risk, crime, weather and more.

Weather data

Heatmaps of activity

Risk calculations

Benefits:

- Fast, simple and correct address capturing, validation and maintenance.
- A verified geomapped customer address database that drives customer interaction and improves your territory decision making and customer segmentation.
- Never worry about address data quality again.
- Improve your KYC (Know Your Customer) to meet regulatory requirements and achieve end-to-end compliance.
