

Training for South Sudan entrepreneurs

JUBA, South Sudan - The pilot phase of the UN Entrepreneurship and Enterprise Development Programme is to introduce the EMPRETEC approach and test its suitability for South Sudan.

The overall objective of the Entrepreneurship and Enterprise Development Programme is to bring about a transformational change in unleashing the growth potential of micro and small-scale enterprises; transform livelihood farmers to economic farmers by 2019 through entrepreneurial skills development; and provide a comprehensive range of business advisory services. The programme has a special focus on unemployed youth and women.

”

A batch of 80 competitively selected South Sudanese entrepreneurs (50% women) will graduate and receive a certificate of course completion after acquiring various entrepreneurship skills in a hands-on learning environment.

The six days training was facilitated by UNCTAD-certified entrepreneurship master trainers from EMPRETEC Ghana Foundation.
