

WTM Africa growth bodes well for 2020's travel, tourism trade markets

World Travel Market Africa (WTMA), continues to grow, having welcomed 6,236 industry professionals from 100 countries in 2019. Attendance and participation numbers were up, across the board, with the show up by 15% more visitors, attracting travel trade professionals from Mauritius, Ukraine, Belarus, Benin and San Marino for the first time, with the overall number of countries represented up by 42%.

Megan Oberholzer, portfolio director: travel, tourism and sports portfolio for Reed Exhibitions South Africa says that WTM Africa 2019 welcomed 4,362 travel trade visitors and 738 exhibiting companies.
