

Product Manager

Location:	Johannesburg
Remote work:	Only remote work
Type:	Permanent
Reference:	#LJ59023
Company:	E-Merge IT Recruitment

Responsibilities:

- Lead as product manager in the South African market and act as a product owner as needed.
- Research customer needs, market trends, and potential partnerships, considering cost vs. revenue perspectives.
- Collaborate with the head of product to translate the product strategy (for SA) into detailed requirements and prototypes.
- Manage product and business-planning processes across different business units.
- Gather and analyse requirements, translate them into technical specifications, and design solutions.
- Ensure product deadlines are met and stakeholders are kept informed.
- Maintain high standards of reliability, quality, and usability throughout product phases.
- Develop go-to-market plans with the head product and product marketing/commercial teams.
- Measure product launch success through qualitative and quantitative metrics.
- Coordinate and manage product-aligned business strategy execution.
- Support the build and delivery of a range of products and services, including digital apps, APIs, and data solutions.

Requirements:

- 7-10 years' experience in product management, particularly in fintech, ecommerce, and online marketplace products. Early-stage product experience is advantageous.
- Strong understanding of the South African use case, user experience, and market dynamics.
- Bachelor's degree in business, marketing, computer science, or related field.
- Ability to analyse and translate business needs into technical requirements.
- Proficiency in product management tools and technology.
- Experience leading multi-disciplinary teams, including designers, engineers, business, product, and marketing.
- Strong business acumen and business analysis skills.
- Experience launching digital and physical products in emerging markets.
- Familiarity with human-centered and service design concepts.
- Fluency in technology and emerging trends in the African context.

The reference number for this position is LJ59023, a permanent – fully remote position offering a salary of up to R1 million per annum negotiable based on skills and experience.
