

# Lifting and carrying bulky packages made easy with Do-It Carry Handles

Issued by [Pyrotec](#)

15 Jul 2015

Do-It® Carry Handles are a great way to make it easy for customers to carry larger bagged or multi-packed items. Constructed from a heavyweight substrate and using ultra-strong HangTite™ 203 adhesive, these carry handles are strong, durable and easily bonded to most packaging surfaces.

The Carry Handles are also available in a strap version, allowing consumers to easily handle multi-packs. Carry Handles can carry up to 22 kilograms, depending on the size of the handle or strap.

Although we do not offer the Carry Handles as a standard stock item, if the Carry Handle is what you require, we will be more than happy to obtain this from our supplier, Do-It Corporation, situated in the USA. They have made some great improvements in their production rates which have allowed them to offer pricing 40% lower than their original pricing!

Contact us on 021 787 9600 or [do-it@pyrotec.co.za](mailto:do-it@pyrotec.co.za) for more information on our Do-It® Carry Handles.
