

Green Earth Ball for the SA Guide Dogs Association for the Blind

The winter ball in aid of the SA Guide-Dogs Association for the Blind (SAGA) is an annual charity event. It takes place Saturday, 11 July 2009 at Montecasino in Johannesburg.

The event aims to highlight the stark reality of the blind and signifies the dedication and enthusiasm that SAGA has exuded for 56 years in training dogs to assist the visually-disabled, and in so doing improving their quality of life. This year for the first time, the ball will also highlight another global concern - the plight of our environment and the need to cut back on our reckless expenditure of our rapidly depleting resources.

Montecasino, the venue sponsor for last year's Winter Ball, where in excess of R400,000 was raised for SAGA, will again provide the backdrop for the night. The venue features dynamic themes, facades and water features to lend to the earthy atmosphere of this year's theme - Green Earth.

Other sponsors include Revlon and Purina Petcare.

Tickets cost R800 per person or R9,000 for a table of 12. All proceeds will be donated to the South African Guide Dogs Association for the Blind. Reserve your seat now by calling Pieter, Ros or Noel on 011-705-3512 ex. 19, 18 or 16 - or email , or .
