

## Discovery profits of R2,8-billion

Health insurer Discovery Holdings has reported operating profits of almost R2,84-billion for the year to June and its normalised headline earnings per share increased by 31% to 365,8 cents a share according to a report published in Business Report.

Gross inflow of cash under management grew by 21% to R50-billion and the group has declared a final dividend of 48 cents a share, which together with an interim dividend of 42 cents a share means the total dividend was 90 cents.
