

Gadgets for Gauteng

Imagine a fridge that automatically gauges when you're out of milk and orders more or a device that allows you to dim your lights and switch on your favourite music with a click of your fingers. These gadgets and more will be on display at the Home Technology Expo in Johannesburg on 26 October.

High-end electronics will be exhibited at SA's first Home Technology Expo - association with Classic fm - over a decade and 173 stands make it the largest home technology showcase in the country.

All the top international brands, including Panasonic, Samsung, Sharp, Pioneer & Toshiba, B&W, Quad, Yamaha, Jamo, Rotel, Sony and Microsoft will be there.

Leigh Romeijnders of EventX, organisers of the expo, says, "We're providing middle to high-end audio equipment, home automation and the complete home entertainment experience for the consumer. It's a must-visit for anyone fascinated with the latest advances in home technology.

"We want to show people what is available out there and it's all under one roof, which makes it unique. We're giving visitors the option of owning the very latest and best quality home technology has to offer."

The Home Technology Expo takes place at the Coca Cola Dome in Northgate from 26 to 30 October. Entrance is R40.
