

What's on at the 2018 Whisky & Spirits Live Fest

The 16th Whisky & Spirits Live Festival will be held at the Sandton Convention Centre in Johannesburg from 31 October-2 November 2018. The festival is set to showcase a range of whisky alongside other premium spirits including gin, rum, vodka, and tequila.

Visitors can expect to meet master distillers, global brand ambassadors, and industry experts who will be offering advice not only on how best to enjoy whisky, but also a range of craft gin, rum, and premium vodka, which will be available for sampling in a dedicated area of the Tasting Hall. High-end lifestyle products will be accessible from 5pm, while the Tasting Hall opens at 6pm until 10pm.

Launched at the Whisky Live Festival in Sandton in November 2015, the Whizzky App allows users to find more information on any whisky by simply scanning the whisky label. Users can also add and save their favourite whisky, add their own tasting notes, as well as catch up on the latest whisky news. This free-to-use app is available to download for both Android and iOS devices.

Tickets are available at www.ticketpros.co.za; tickets include a tasting glass, 16 tasting vouchers, and a bottle of Consol Glass Still Water.
