

Table Mountain Cableway extends its student special

The Table Mountain Aerial Cableway has extended its student special. It will now be available to all student card-holding students seven days a week - the discounted tickets cost R150 return and R80 one-way.

To redeem the discount, students have to present their valid student card at the Lower Station Ticket Office when purchasing a ticket.

There's no going hungry or thirsty at the Cableway with various food and beverage options available. Settle down with a fresh boerie roll and ice-cold on-tap beer or glass of MCC at the Terrace Bar or make your way to the self-service Table Mountain Café for some fresh South African flavours, salads, sandwiches and giant pizza slices as well as a variety of snacks and pastries. The Table Mountain Cafe's student special offers any slice of pizza plus a soft drink or juice for R75; if you'd prefer beer then that will cost you an extra R25.

Panoramic views, free Wi-Fi, plug and USB points and a range of seating at the Cableway's Upper Station Wi-Fi Lounge make sharing snaps of you living your best life that much easier. With on-the-go food and freshly brewed coffee available, why not move your desk for the day and submit that assignment from the summit?

There is a free MyCiti shuttle up to the Lower Cableway Station from the Lower Tafelberg Road parking lot so no need to sweat those traffic and parking woes. Shuttles depart every 20 minutes and operate from 7am until 7pm.
