

Wendy Luhabe to address Citadel Inspiration Indaba

One of the speakers at Citadel's second Inspiration Indaba will be Wendy Luhabe, who has been honoured as one of South Africa's most powerful women and named as one of 50 Leading Women Entrepreneurs of the World.

Following the successful inaugural 2014 event, the Inspiration Indaba will uncover why leaders tick, why entrepreneurs innovate and where financial and business leaders get their drive.

Other speakers at this year's Inspiration Indaba include: Robert Brozin, co-founder of Nandos, Ludwick Marishane, founder and MD of Headboy Industries Inc and inventor of the DryBath at the age of 17, Ernst Van Dyk, 10-time Boston Marathon Champion and multiple Paralympics and World Champion medallist, Dr Adrian Saville, Chief Strategist at Citadel and Andre Hugo, M4JAM co-founder.

"Inspiration encompasses motivation, stimulation and encouragement and all my efforts have been directed at these drivers," says Luhabe. "My initiatives empower women to participate in the economy, not just in business and not just African women. Our fledgling democracy and the responsibility of nation building inspired me to uncover prospects for the most disadvantaged class in society to participate for the first time in determining their financial destiny. The catalyst was the fact that early economic empowerment initiatives, such as Nail and Real Africa, did not include women. This was a blessing in disguise because it gave us an opportunity to pioneer something revolutionary, and we did."

The Indaba takes place on 17 September 2015 at the Forum, Johannesburg. to book, go to <http://inspirationindaba.co.za>.
