

Pioneering all-terrain mileage warranty now extended

Three years ago Hankook and Tiger Wheel & Tyre stunned off-road enthusiasts with the launch of an audacious warranty that guaranteed all-terrain Hankook Dynapro AT-M RF10 tyres will reach 80,000km. Now the pair is doing it again, with the announcement that this warranty has been extended to 90,000km.

The warranty, which applies exclusively to the all-terrain Hankook Dynapro AT-M RF10 model tyre, is available at Tiger Wheel & Tyre with the purchase of two or more of these tyres in sizes ranging from 15 to 18 inch.

Interestingly enough, there isn't a mountain of fine print to this warranty either. It's pretty straightforward in fact. First, buy two or more of these tyres. Next, return the vehicle to Tiger Wheel & Tyre for tyre rotation, balancing and alignment checking every 10,000km thereafter. Finally, check your tyre pressure monthly and inflate your tyres to the manufacturer's specification, and Bob's your uncle.

In the highly unlikely event of the tyres not reaching the guaranteed 90,000 km, you will receive credit towards a new or equivalent Hankook tyre of the same size. This compensation is based on a calculation of mileage achieved as a percentage to 90,000kms. This warranty is only applicable in South Africa and terms and conditions apply.

Got a taste for adventure? Need tyres that are equal to the challenge? Want a guarantee on that? Get to Tiger Wheel & Tyre and get fitted with Hankook Dynapro AT-M RF10 tyres. For more information visit www.twt.to.
