When the class of '84 started school that year - Queen released the smash hit, "Radio Gaga". Not in their wildest dreams could anyone have imagined that the title to that great song, would become the beat to which Algoa FM would march for the next four weeks in 2010!

It's official... Algoa FM is going GAGA!

One lucky Algoa FM listener and their respective partner are being offered the experience of a lifetime to see Lady Gaga "LIVE" in London!

Algoa FM Programme Director Alfie Jay says: "When we were building this listener promotion, we took a decision that only the best would do... and with more followers on Twitter than anyone else on the planet - the artist people are literally clambering to get a piece of... is LADY GAGA."

The precocious and multi-talented singer-songwriter will be performing at the O2 Arena in London on 17 December 2010. Algoa FM will be sending its lucky listener plus partner in style with Gold tickets to experience the multi award-winning GAGA phenomenon!

Jay: "Not since Madonna has there been more of a pioneering spirit in popular music. LADY GAGA's talent is extraordinary and she is currently at the top of her game!"
