

Digital download with... Spree

Local digirati shone at the recent IAB Bookmark Awards 2017. Here's some feedback from Spree's marketing manager, Kim Hawkins.

Spree was presented with an e-commerce site bronze pixel at the Bookmarks Awards. As a result this GIF is a good representation of how their team is currently feeling.

Hawkins adds, "It's fantastic to see the Bookmarks Awards not only recognising agencies, but also publishers and brands."

She also feels there is a lot of exceptional digital work at the moment, which is why they couldn't be prouder to be amongst the winners on the night, while also consistently being recognised in the category of e-commerce sites, year after year.

Team Spree in celebratory mode.
