

## National Geographic presents *Origins: The Journey of Humankind*

National Geographic brings the eight-part series, *Origins: The Journey of Humankind* to our screens, which traces the story of human civilisation and innovation that resulted in our modern-day world. The series delves into the 'evolutionary ascension' that fuelled important moments which grew the technological age and looks to answer the 'how did we get here' question.

*Origins: The Journey of Humankind* is narrated by DJ Jason Silva from *Brian Games* and *Shots of Awe* fame and documented by John Boswell, also known as Melodysheep.

*Origins: The Journey of Humankind* is produced by Asylum Entertainment for National Geographic and airs Sunday, 2 April at 9pm on National Geographic, DStv channel 181.
