

***Sowetan, Sunday World* unveil website redesign**

The *Sowetan* and *Sunday World* websites recently underwent a redesign. Some of the new additions to the websites include a simplified navigation bar and responsive layouts for mobile browsing.

The *Sowetan* has also launched its newly updated app on the Google Playstore and the App Store. The websites' technology makes use of a secure HTTPS web publishing protocol to safeguard the content from third-party attacks and hijacking and protects readers from malware.
