

InDesign basic to intermediate

Ever wondered how they do magazine layouts, CD covers, brochures, booklets, annual reports and all other print material?

Are you an editor or sub-editor in the magazine or newspaper world, or do you just want to know what it means to work in block design or layout?

This one-day course will show you everything to do with layout. From page structure to creating booklets, and books, posters, annual reports and more on InDesign. Learn about image resolution, colour spaces, placing images for layout and using InDesign to draw vector graphics. If you're an editor we'll show you how to navigate InDesign documents easily in order to make text corrections or work with the story editor to make quick changes. We'll also take a look at books, indexes, style sheets, and text effects. If you haven't been working on InDesign this course will show you all you need to know to be able to do it all yourself!
