

Black Insomnia launches caffeinated mineral water

Black Insomnia, creators of the world's strongest coffee, has launched Black Hydro, a caffeinated mineral water containing 100 mg of caffeine. Black Insomnia Coffee has been tested independently by SGS laboratories and the certified results prove that Black Insomnia is naturally higher in caffeine than other brands.

Black Hydro Mineral Water is available in a 500ml bottle at R15 per bottle or in a 12-pack for R180 per pack.
