

## **VKB/FSA Safety Desk receives support for rural safety in the Free State**

The VKB/FSA Safety Desk has received R420,000 from VKB to empower farmers by supporting rural safety in the Free State. The funds were raised during the company's VKB Drive for Safety Golf Day, which they've been hosting for the past four years.

The funds will make it possible for FSA to improve cooperation between farmers and police to curb crime in rural areas.
