

## **Riverbed Technology appoints vice president channel sales in EMEA**

Application performance infrastructure company, Riverbed Technology has appointed Giovanni Di Filippo as vice president channel sales for Europe, Middle East, and Africa (EMEA). Di Filippo will have responsibility for Riverbed's evolving channel and go-to-market strategy so as to maximise customer value, expand new routes to market and lead the channel sales team to drive growth and revenue through Riverbed Technology's partner eco-system.
