The Indaba is hosted by the agency of the Department of Transport and Cross-Border Road Transport Agency (C-BRTA) and will focus on bringing together key industry players with a focus on unlocking Africa's industrial potential through linking the African continent by means of integrating trade and transport to position the continent as a meaningful trading player in the global economic arena.

The C-BRTA will also be discussing the Linking Africa Plan, an initiative by the agency to enhance the performance of the regional transport system, thus enhancing intra-Africa trade and industrialisation in the continent.
