

# ONE UP opens in Cape Town

ONE UP, a new concept bar situated at 226 Long Street, Cape Town, launches on Saturday 10 December 2016.

Doors open from 18.00 for early evening drinks and cocktails. Entrance to the launch is free.

Located just above electronic dance club Fiction Bar, ONE UP caters to those who have a penchant for a decent single malt or craft gin cocktail yet still crave the underground energy and ambience created by top local DJs. The bar offers a garden balcony as well as a full frontal view of Table Mountain.

The mood and atmosphere of ONE UP is like something out of a film, adorned with mid century furnishings and homage paid to one of the greatest filmmakers of all time, David Lynch.
