

March is the celebration of pizza at Jamie's Italian

During the month of March, Jamie's Italian in Melrose Arch, Johannesburg will be celebrating pizza. Each week in March, Jamie Oliver's Italian themed restaurant will be serving a unique pizza which is a result of a partnership with local and international artisan producers.

The pizzas will be made on the premises with pizza flour imported from Italy, tomatoes from MUTTI, certified free range, higher welfare lamb, grass fed beef from the midlands, locally produced artisan cheese and handpicked vegetables from the local market.
