

Capital Craft Beerfest 2015

The Capital Craft Beer Festival will be held on 13 June, 2015, at the National Heritage Site, Voortrekker Monument, Pretoria. As well as drinking beer there will be new and exciting musical acts and a vast variety of local micro-manufactured brews.

Micro-breweries have fast become the tasty-and-trendy alternative to commercially brewed beers. The painstaking efforts taken to brew and mature these specialist beers can be tasted with each and every sip. At the Capital Craft Beer fest, you will be able to sample beers by over 25 different micro brewers from all over the country.

There will be three live stages and a Let's Talk Beer stage.

You can purchase tickets and beer tokens at www.capitalcraft.co.za
