Award moment - Colada Club Hospitality

The Luxe Restaurant Awards committee commended Mamasamba, for its exceptional dedication to culinary excellence and its ability to create an immersive dining atmosphere. From the moment guests step through the doors, they are enveloped in a vibrant tapestry of colors, textures, and aromas that transport them on a gastronomic journey like no other.

Mamasamba has been inspired by the bold flavours of Latin America and the distinctive rhythm of Samba culture. Their kitchen is headed up by Warren Murley and Marc Roberts of Proud Mary Fugazzi and voco Hotel fame. The design has been carefully curated by award-winning designer, Tristan du Plessis. The project has been imagined and brought to life by Colada Club Hospitality's founding partners, Gaz Hollywood and Jose Dos Passos.

The venue provides guests with an immersive journey over two beautifully imagined floors. On entering, guests are immediately enticed by a counter-dining ceviche bar that flows into their main Copa-dining-lounge, with mesmerising views of the live fire kitchen. A journey up the magical staircase takes you into a multi-sensory bar where you'll find an oasis of sipping rums, tequilas, and gorgeous pours. Their cocktail bar leads out onto a lush jungle terrace, where time slows down and your heartbeat quickens to a line-up of world class live musical acts.
