

Toyota now official vehicle supplier for Kaizer Chiefs

Kaizer Chiefs and Toyota South Africa Motors (TSAM) have signed a partnership agreement which makes the car manufacturer the official motor vehicle supplier of the club.

The three-year deal will see Toyota supply the club with 20 vehicles to meet all Kaizer Chiefs' transportation requirements. The fleet ranges from hatchbacks, sedans, SUVs, bakkies to panel vans and minibuses.

Amakhosi supporters will also benefit from this new deal as there'll be 250 free and secure parking bays for Toyota vehicle drivers attending Kaizer Chiefs home matches at the FNB Stadium. This area will be known as the Toyota Zone and supporters will be allocated parking on a first-come-first-served basis.
