

Upgrade of Ruimsig Shopping Centre

The Ruimsig Shopping Centre in Roodepoort, Gauteng has begun a major upgrade of its 11,117sqm space, housing dual anchor tenants SuperSpar and Planet Fitness. The project should be completed by September 2014.

Leasing manager of Synergy Income Fund, Diana Prosser.

Synergy Income Fund's leasing manager, Diana Prosser says, "Our upgrade will increase its competitiveness in the heart of the rapidly expanding residential area of Roodepoort."

This project will modernise the façade of the centre, including the entrance towers, which will increase the centre's visibility. The walkways will receive a facelift including lights, tiles and painting. The ablution facilities will also be upgraded. The centre's signage pylon will be refreshed and retailer signs throughout the centre will be standardised to create a consistent, contemporary, impactful aesthetic.

The centre will continue trading throughout the construction, with fine-tuned planning to minimise disruptions to customers and retailers.
