A partnership between Investec and Cape Thoroughbred Sales, the Investec Day of Dreams 2016, which takes place this Saturday, is the first of a three-year partnership which will bring Africa's richest thoroughbred horse race to the Western Cape.

Featured races on the day will be the Investec Cape Derby, Klawervlei Majorca Stakes and then the big one, The CTS Million Dollar. For the first time in South African thoroughbred history, owners can race for a staggering one million US dollars. This year's J&B Met takes place at its usual venue of Kenilworth racecourse on 30 January.
