

Mundipharma extends MC sponsorship

Following its initial partnership, Mundipharma and Manchester City football club have entered a new global partnership. As part of the partnership agreement, the Manchester City football uniform and kit will feature Betadine logos in addition to the supply of Betadine treatments for the players.

Mundipharma will also be showcased on digital display formats at the football matches during home games. Earlier this year, Mundipharma also announced a partnership with Japanese J1 League football club, Yokohama F. Marinos.
