The winners of the second Festive Lights Challenge music video competition will round-up the line-up. The winner will be selected by Capetonians through an online public voting system on [Indi.com](https://www.indi.com). The winning up-and-coming artist or band will perform at the festival and also receive a R10, 000 cash prize.

Entrants need upload a performance video via the [indi.com](https://www.indi.com) mobile app and share it on their social channels. The more votes the entrant gets, the higher their standing on the 'buzz meter'. The Festive Lights Challenge is on until 28 November 2017.
