

## 192: Fortinet discuss online security and IoT

On Thursday, 13 October 2016, [Biz Takeouts Marketing and Media Radio show](#) host Warren Harding (@bizwazza) chatted to Paul Williams, country manager for Fortinet, the number one online hardware and software security vendor in Africa.

We took a closer look at the rise of cyber security, what companies, IT managers and individuals need to know and where the threats lie.

We discussed:

- Who is Fortinet and what do they offer?
- Is cyber crime really on the rise and what can we do to protect ourselves.
- The international trends in online security.
- How you can secure yourself and your company online.
- How the internet of things changes security and increases the risk.
- How driverless car manufactures are having to look at security to ensure safety on the roads.
- Which is safer, a Mac or PC.
- The future of online security and what is next for Fortinet.
