

Skytrax names Mango 2018's Best Low-Cost Airline in Africa

The 18th Skytrax World Airline Awards has named Mango as the Best Low-Cost Airline in Africa of 2018. Travellers across the world vote in the airline passenger satisfaction survey to decide the award winners; more than 100 customer nationalities participated in the survey with 20,36 million eligible entries counted in the results.

Mango is a multi-award winning airline and was, most recently, voted as the highest ranking low-cost carrier in South Africa by the *Sunday Times* Generation Next youth survey.
