

## Steering committee selected for WAIPEC

The West African International Petroleum Exhibition and Conference (WAIPEC) has announced its steering committee, which will guide the content of over 25 business, technical and special focus sessions, featuring more than 75 prominent industry speakers and representatives from both the regional and international oil and gas community.

The conference is hosted by the Petroleum Technology Association of Nigeria (PETAN) and will take place from 21-23 February 2017 at the Eko Convention Centre, Lagos. It will promote Nigerian expertise and key projects throughout West Africa, whilst supporting the development of major new collaborations for the benefit of the region's petroleum economy.
