Topco Media is proud to announce that they partnered with Wipro for the 18th annual Standard Bank Top Women Conference, which took place on 6 and 7 October 2021. Being a leading global information technology, consulting and business process services company, disruption and transformative technology is where Wipro thrives!

"As the world transitions to a new normal, Wipro is empowering a more resilient future for customers and communities."

Standard Bank Top Women are thrilled to have had you as one of the gold sponsors for the conference.

An opportunity for collaboration

The Standard Bank Top Women Conference brings together a trusted network of over 10,000 women entrepreneurs and leaders who are embracing innovative gender empowerment strategies. The two-day virtual event offered public and private sectors tailored solutions, allowing delegates to engage in 'brave conversations' and learn from industry pioneers.

As a gold sponsor, Wipro hosted an informative and interactive panel discussion on "Gender Dynamics of Future Jobs - Building the Sustainable and Resilient Future Workforce". The panelists included Zanele Babalwa Mabena, executive, change and business transformation at Standard Bank Group; Subha Tatavarti, chief technology officer at Wipro Limited; Sunita Rebecca Cherian, chief culture officer at Wipro Limited and Rosanne Kincaid-Smith, chief human resources Officer at Capco.

Subha Tatavarti, chief technology officer at Wipro Limited, went on to discuss what the future of work could look like and mentioned that "data has started to flow in to show that enterprises are 6 to 8% more productive than they were pre-pandemic." She also went on to say that "we have to be cognisant of where work stops and life begins." It was a fruitful discussion on a very topical matter, one that will certainly continue for some time to come.

Top women together
